Task Site

Extension Surface Platform

$41.16

The Task 2 Extension Surface allows the user to plug a multi-functional surface into the left or right of the keyboard platform without any hassle. Simply plug and play utilizing the S4 Port System. The Extension Surface is flush with the keyboard platform and therefore does not allow the surface to slide under platform. Use it for writing, for calculator, for graphic pens and more!
Task 2's platform accessories make it easy to extend your keyboard platforms usability! These options are all functional and easy to use!
